Delray Beach, Florida:

We have audited the accompanying consolidated statement of financial condition of P.M.K. Securities & Research, Inc. and Subsidiary (the "Company") at December 31, 2005 and the related consolidated statements of income, changes in stockholders' equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company at December 31, 2005, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

(1) **Summary of Significant Accounting Policies**

**General.** P.M.K. Securities & Research, Inc. (the "PMK Securities") is a fully-disclosed securities broker/dealer located in Delray Beach, Florida. P.M.K. Capital Advisors, Inc. (the "Capital Advisors") is a wholly-owned subsidiary of the PMK Securities (collectively they are referred to as the "Company"). The Company provides securities brokerage and advisory services to customers primarily in the Southeastern United States. The following items comprise the significant accounting policies which the Company follows in preparing and presenting its consolidated financial statements:

**Estimates.** The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Basis of Presentation.** The accompanying consolidated financial statements include the accounts of PMK Securities and Capital Advisors. All significant intercompany accounts and transactions have been eliminated in consolidation.

**Securities Transactions.** The Company records customers' securities transactions and related income and expenses on a trade date basis. Securities owned are carried at market value. In cases where there is no readily available market price, the fair value is determined in good faith by management.

**Advisory Services.** Income from advisory services is recorded when it is earned.

**Depreciation.** Depreciation has been provided using accelerated methods over the estimated useful lives of the assets.

**Income Taxes.** PMK Securities shareholders have elected for it to be treated as an S-Corporation and have elected for the Capital Advisors to be treated as a qualified Subchapter S subsidiary. For federal and state income tax purposes all items of income and expense flow through to its stockholders. Therefore no provision for income taxes has been reflected in these consolidated financial statements.

(2) **Receivable from Clearing Organization**

The receivable from Clearing Organization consists of money-market accounts which are held by the clearing organization.

## Notes to Consolidated Financial Statements, Continued

**(7) Contingencies**

Various legal claims also arise from time to time in the normal course of business which, in the opinion of management, will have no material effect on the Company's consolidated financial statements.

**(8) Net Capital Requirements**

The Company is subject to the Securities and Exchange Commission uniform net capital rule (SEC Rule 15c3-1) which requires the maintenance of minimum net capital and requires the ratio of aggregate indebtedness must not exceed net capital, as those terms are defined, by a ratio of more than 15 to 1. At December 31, 2005 the Company's minimum net capital requirement was \$50,000. The Company's net capital computed on an unconsolidated basis and in accordance with the Rule of the Commission amounted to \$489,922 and the ratio of aggregate indebtedness to net capital was .34 to 1.

**Independent Auditors' Report on Internal Accounting  
Control Required by SEC Rule 17a-5**

February 24, 2006

P.M.K. Securities & Research, Inc.  
Delray Beach, Florida:

In planning and performing our audit of the consolidated financial statements and supplemental schedule of P.M.K. Securities & Research, Inc. (the "Company") for the year ended December 31, 2005, we considered its internal control, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c 3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining the internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of internal control policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

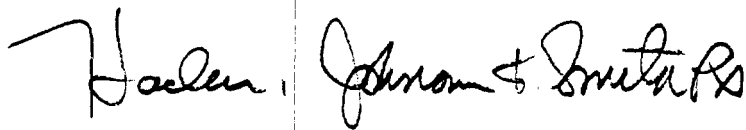

Because of inherent limitations in any system of internal control or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness or their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purpose in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2005 to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, management, the SEC and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purpose.

Very truly yours,

A handwritten signature in black ink, appearing to read "Haden, Johnson & Smith, P.C.", is written over a horizontal line.
